

Dev Note: Talent Management — Move Bruce Daisley Under Speakers

Dev Note — Talent Management Page

Page: doronax-mockup.vercel.app/hospitality-events-talent-management.html

Restructure Bruce Daisley

- Currently: **Bruce Daisley** is its own top-level tab (alongside DJ Hire, Speakers & Hosts, Model Management)
- **Change:** Remove Bruce Daisley as a standalone tab. Move his content **inside the "Speakers & Hosts" tab** as a content block (H2 heading "Bruce Daisley" + body copy underneath), not as a separate nested dropdown/page — just content sitting within Speakers & Hosts.

 **Flag:** Bruce Daisley may need to be removed from the site entirely — Nai to confirm. For now, move into Speakers & Hosts as above; hold off deleting until confirmed.

Tabs after this change: DJ Hire | Speakers & Hosts (containing Bruce Daisley content) | Model Management
